Tues 31st July:	WASO Harmony Music incursion	Wed 19th Sept:	Infinite Limits—open class for parents
		Fri 21st Sept:	Last day of term 3 for students

Early Childhood & Building Works Update

For those of you who have visited school in the last couple of days, you will have noticed that ANZ Enviro, who are the contractors completing the work in our ECE area have all of their fences up and have prepped the building ready for asbestos removal during the holidays.

It is important for all families to note that the school site is off limits to everyone as of close of business this Friday. ANZ Enviro are on an extremely tight timeline to complete the works ready for everyone to return to school next term, which is likely to see them working 24/7 throughout the entire holiday period.

Staff and students will not be allowed back on site until such time as we have received formal advice and correspondence that the site is safe and contaminate free.

We have all appreciated the support of our families and look forward to moving our Junior students back into their space, free of hazards and with new bathrooms and other minor works.

Jarna Wright
Principal

DANCE CLASSES

A number of families have asked again about **Edudance and Infinite Limits dance programs**, so I thought I would clarify once again.

Edudance is the PS dance program that a few of our students participate in each year. The program has complex dance choreography and it is expected that all students can learn the choreography, engage appropriately and participate in the end of term Dance Concert.

Infinite Limits is the alternative program I have sourced. Over the years families have asked me why their child, who loves music and dancing, cant just join the Edudance program and have some fun. My answer has been and continues to be, that the Edudance program is not "that sort of program". So, this year I have found what I believe to be , a program that allows our students, who love music and dancing, the opportunity to participate in a program that is about having fun and just having a go!

I have sent home Edudance permission forms with those students we feel can access the program, however if you feel that your child would enjoy the Infinite Limits program more or you feel that the program is more suited to their needs, then please do not hesitate to let us know and your child can then join their class peers in the Infinite Limits program in term 3.

NAIDOC activities

All families are reminded that our students will be participating in a **Bush Tucker BBQ this Friday**. Please ensure you have sent back your form IF your child has any food allergies or intolerances that Jarna needs to be aware of?
